

RECOMMENDED TRAINERS, GROOMERS, AND KENNELS

We are NOT affiliated with any of these businesses. These are facilities that clients and staff have used and have had great experiences with. Remember it is good practice and your responsibility to do your own research before taking your pet anywhere!

- McMurray, PA 724-941-3647

IMPORTANT REMINDER

It is NOT recommended that new puppies and kittens be groomed or kenneled until fully vaccinated. Avoid areas where other pets are frequent (dog parks, pet stores, hiking trails, etc.). Your pet is more likely to catch an infection or life threatening virus/disease if they are not fully vaccinated! Most grooming facilities will only require a Rabies vaccine. To ensure the safety and good health of your pet, we still recommend that your pet be fully vaccinated before visiting ANY grooming facility.
